## STEVEN HALPERN Peace of Mind

“Transforming the solo piano into an instrument of healing, STEVEN HALPERN’s latest CD is a masterpiece of inspired Zen impressionism. It transports you to the place of peace we all seek.” — *Leading Edge Review*

- A creative breakthrough in Steven’s evolution as an artist
- Sure to please long-time fans and attract a broad new audience as well
- Ideal for meditation, relaxation and beyond
- Makes it easy for the listener to ‘get in the gap’ — the space of pure potential, as described by Deepak Chopra and Wayne Dyer
- Includes an *Inner Peaceful* arrangement of “Amazing Grace”

“As soon as I sat down at the piano, I was instantly aware that my fingers were being moved across the keyboard by an unseen force.

It was as if the music had a life of its own. Indeed, I felt as if I was being played by the music rather than the other way around. I’m really excited to share these magical moments with you.”
